1 Front: 6 1/8 x 3 1/2 inch

2 Side part: 6 1/4 x 6 1/8 x 3 1/2 inch

- first, the gray board is cut
- to do this, use the cutter knife to pull along the ruler several times until the cardboard has been cut through

- one side at the bottom with Tombow brush

- and put on the ground

- then the back wall is glued to the ground and to the side part

- place the second side on the ground and connect it to the back wall

- finally, the front is still used

- then the box is ready assembled

- in the next step, any unevenness and protruding edges can be sanded with sandpaper

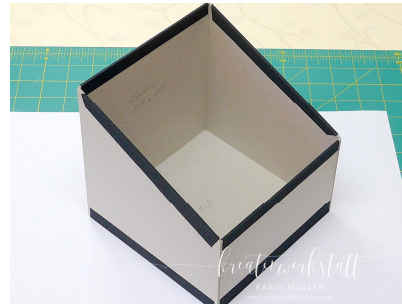

Bookbinding cloth:

Bookbinding cloth

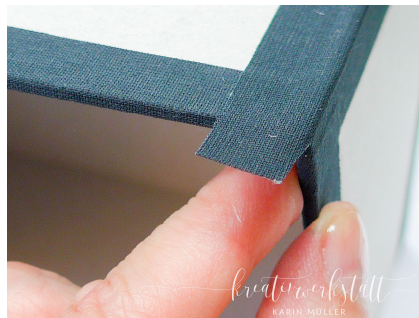

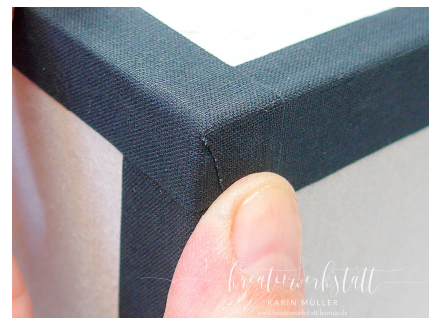

- 4 x 7 1/16 inch
- 2 x 6 5/16 inch
- 10 x 6 1/16 inch
- 4 x 4 1/2 inch

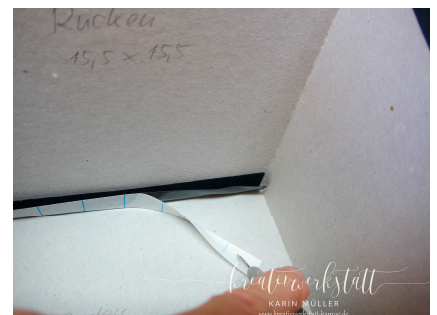

- from the bookbinder's cloth 2.5 cm strips are cut in appropriate length, so that all edges can be covered with it

- first, all edges on the bottom and top are covered with the bookbinder's cloth

- at the side edges (outside), the strips are cut in a wedge shape at the top and bottom and turned over

- at the inner edges of the box, only one half of the cover paper is first cut off, so that you can still hold the strip and place well
- if the strip is in place, only one half is glued in and after removing the other half of the cover paper, this half is also glued
- cut off excess bookbinder's cloth
